

# WorkCheck® Product Information:

**Workcheck®** is Sciteck's urine or saliva collection and testing kit designed for Businesses, Retail Chains, Stores, Off Site facilities who want the ability to screen their employees or prospective employees in the privacy of their offices. The kits offers everything one would need to perform a drug screen. In addition, this unique kit offers drug testing performed at it's certified laboratory or confirmation of screening drug test positive that was performed at home.

Sciteck Clinical is one of the highest accredited Laboratories in the U.S:  
 CAP FDT Saliva Accredited:7211231  
 CAP FDT Urine Accredited:7211231  
 CAP Clinical Laboratory Accredited:7173101  
 HHS CLIA Certified:34D0987682

### Options:

- 1: Urine or Saliva (Oral Fluid)
2. On-Site testing device(s) and collection device
3. Or, just the collection device for shipping out and testing at our Certified Lab. (Best Deal, you can't beat lab based testing)

### How it Works:

**For On Site Testing:** You collect the sample urine or saliva then follow the testing devices instruction. Within minutes you will have your results.

### For Lab Based Testing:

Once the specimen is collected it is placed in the enclosed mailer. The results will be reported within 24 hours of our receipt all you have to do is call for your results using your password or enter through our secure website using your password and account information. Sciteck prides itself in keeping your information strictly confidential and HIPPA compliant. This offers businesses a proactive way of approaching this issue with your employees. It's private and non-invasive (saliva) way of minimizing the stress this puts on everyone. Whether we test the sample at our facility or you use a test kit they have both been validated by our laboratory.

### Benefits of Lab Based Testing:

Multiple published studies have shown that on-site test devices can be unreliable. Hence, the requirement by regulatory agencies for certified laboratory screening and confirmation.

Item Name	Item #	Description
WorkCheck® 5	WC5-UA	On-site urine 5 test drug screening device, adulteration strip, collection device and mailer
